

RESPONSIBLE CARE OF LSP'S

Additional value to Chemical companies

18th November 2014

A decorative graphic at the bottom of the slide features two overlapping, wavy lines. The top line is yellow and the bottom line is blue, both curving across the width of the page.

CHEMISTRY THAT MATTERS™

RESPONSIBLE CARE ®

Responsible Care ® is the global chemical industry's environmental, health and safety (EHS) **initiative to drive continuous improvement** in performance. It achieves this objective **by** meeting and **going beyond legislative and regulatory compliance, and** by adopting **cooperative** and voluntary **initiatives with** government and **other stakeholders**. Responsible Care is an ethic and a commitment that seeks to build confidence and trust in an industry that is essential to improving living standards and the quality of life.

Responsible Care®
OUR COMMITMENT TO SUSTAINABILITY

The International Council of
Chemical Associations (ICCA),

SABIC's production process and supply chain needs to be:

- Safe
- Reliable
- Sustainable
- Continuously improved

FOR SABIC'S SUPPLY CHAIN

SABIC's supply chain has 3 main RC axes

- Incident avoidance
- Emergency response
- Sustainability

FOR SABIC'S SUPPLY CHAIN

Incident avoidance:

- Incident reporting and investigation
- Supplier selection

Emergency response:

- Minimize any adverse effects

Sustainability:

- Parcel optimization by equipment selection
- Decrease CO2 through fuel economy

FOR SABIC'S SUPPLY CHAIN

Supplier Selection:

- Long term partnership
- Open and transparent communication
- KPI reporting
- Performance meetings

RC Improvement Plan

IMPACT ON SAFETY

We need to create a mindset of chain responsibility:

Safety is a joint responsibility of all of us!

If we make mistakes, learn from them!

- Notification of incidents
- Quality RCI/RCA reports
- Improvements implemented
- Share lessons learned with industry (LSP day)
- Human Factor Analysis. (CEFIC guideline to be published shortly)

IMPACT ON EFFICIENCY

- Supplier selection simplified
- Everyone speaks the same language
- SQAS pre-selection tool for RC improvement plans
- First time right and uninterrupted processes

LSP REACTION TOWARDS

At first some struggle

but now

everyone satisfied with the partnership
between congenial parties

WAY FORWARD WITH

- Make RC an integrated part of the company and the way of working
- Make RC part of regular performance discussions
- Be open and transparent in communication regarding the results of the RC improvement plan

WAY FORWARD WITH

Thank you for your attention
