

SQAS 2019

**Evert de Jong**

## CORE/TS/TC/WH:

- Structure of chapters more in line with ISO
- Clearer Questions
- Clearer Guidelines
- Some high scoring questions deleted
- New questions on Plastic Waste
- Consolidation of subquestions (advantage/disadvantage)

## CORE:

- Subject Management Review reviewed

	2015		2019
1	Management	1	Management Systems & Responsibilities
2	SHE + S + CSR	2	Risk Management
3	Procurement of Services	3	Human Resources
		4	On / Off Site Emergency Response
		5	Performance Analysis & Management Review

- Deleted questions
- Textual improving of questions and guidelines

## TS / TC / WH

- Chapter 3 of the 2015 Core deleted: now integrated in the specific questionnaires
- Questions on Plastic Waste very specific in each module
- Textual improving of questions and guidelines

More than 20 webinars and meetings, a tremendous effort by all involved. A great organizer in Victor Trapani, SQAS Manager.

## Report Summary:

- More professional and attractive outlook
- Replaces the Attestation
- Overall Scoring Percentage now includes a weighing factor, which 'artificially' lowers the total score of the assessment if the subchapter on subcontracting scores lower than the other subchapters.
